

# IST Apartment/Condo Intercom Systems

*For New Construction or Retrofitting Old Systems*

The IST Apartment Intercom System only requires 2 Wires for power, audio, video and control. Signals are transmitted by a 2-wire cable & central power supply.

## KEY BENEFITS OF IST APARTMENT INTERCOM SYSTEMS:

- ✓ **Lower Maintenance Costs:** Modern digital systems are more reliable and require fewer repairs
- ✓ **Enhanced Security:** Advanced features like keyless entry, visitor screening, and camera integration
- ✓ **Better Resident Experience:** Video calls, remote access via smartphone apps, and smart home integration

## OUTDATED SYSTEMS ARE COSTING YOU:

- ✗ Expensive maintenance
- ✗ Limited features
- ✗ Poor user experience
