

INSIDE YOUR SOUND®

Your music, your way

with an I600 In-Wall Digital Stereo Music System from Intrasonic Technology

Pair any of your Bluetooth-enabled music devices to stream music while keeping your device close at hand to control your playlist, answer calls, or respond to texts.

High Tech Meets High Style

Update the fun factor of your home! From the sleek touch screen interface, to the Bluetooth compatibility, to the pristine stereo sound – the I600 In-Wall Digital Stereo Music System is a modern luxury that's affordable and easy to use.

Music lovers that want to enjoy their tunes everywhere – yes, everywhere! – now have a high-tech, easy-to-use system that upgrades the look and functionality of any home. The I600 provides enhanced usability and delivers mind-blowing stereo quality sound. With touch screen controls, Bluetooth connectivity, and several music source options, the I600 turns your surroundings into an amazing music entertainment experience.

Program your favorite radio stations into the system for quick, customized access.

Access tunes directly from a USB flash drive by via the USB port, or use the port to charge other USB-enabled devices.

Add an I600 Amplifier to connect an additional 4 pairs of speakers to the system – or add multiple amplifiers for even more speaker capacity.

→ Revolutionary 4" touch screen interface

- Easy-to-use icon-based feature selection to manage audio sources, volume controls, and on/off status
- Touchtone sound effects in low, medium, or high volumes
- Convenient time and date display with 12/24 hour option
- Customizable screen with 5 different backgrounds and always-on or delayed-off backlight
- Language support for English, Spanish, French, Chinese traditional and Chinese simplified
- Programmable alarm with radio alert
- Uses minimal wall space and offers a contemporary, clean look in white, almond, or black

→ Multiple music source options with equalizer for each source

- AM/FM radio, with 6 customizable presets
- Bluetooth-enabled music devices
- MP3 players with 3.5mm jack (requires 3.5mm connection cord)
- iPod/iPhone Docking (requires commonly available adapter for iPhone 5 docking)
- Auxiliary inputs, such as satellite and CD players (RCAs on back of unit)
- USB devices (for charging and playing music from a USB stick)

- 2 Year Warranty

I600 In-Wall Digital Stereo Music System with High-Tech Black Faceplate

Accessories and Enhancements

Intrasonic also offers accessories to help you get even more from your music distribution systems. Be sure to ask your dealer to provide you with the following accessories.

→ I600 Amplifier:

Expands I600 speaker capacity by providing 80 Watts of power and accommodating 4 speakers per amplifier, with no maximum number of amps per system. Comes in white, with a 2 year warranty.

→ Speaker Systems:

Make the most of your I600 In-Wall Digital Stereo Music System by adding speakers from a wide variety of 8 Ohm speaker offerings. Select from in-wall or ceiling speakers – or both – for music distribution, or choose one of the Mini Cube Home Theater Packages and start enjoying optimum sound in any room. Ceiling and in-wall speaker covers are all easily painted to match any color scheme. You can also choose outdoor speakers to take the party outside or subwoofers to really pump up the sound!

- JA Audio Speaker Systems
- Ceiling & In-Wall Speakers
- Center Channel & Dual Speakers and Subwoofers
- Mini Cube Speakers & Home Theater Packages
- Outdoor Speakers
- Volume Controls:

JA-VNB-75 Volume Control: 75 Watts, 12 position rotary controls provide 34~0dB attenuation to both left and right speaker lines

JA-VSL-100 Volume Control: 100 Watts, Simple up/down slide mechanism to control volume 12-tap.
